

Tri-state labor market data for planning under WIOA

For the Local Governance and Sector Strategies WIOA
Subcommittee
March 9, 2015

Cynthia Forland, Director, Labor Market & Performance Analysis
Scott Wheeler, System Performance Manager

WA-OR-ID collaboration

- Labor market information staff from the three states identified and mapped critical economic and labor market data
- Goal was to build platform for decision-makers to make data-based decisions in implementing WIOA
- Goal was NOT to dictate the outcome of those decisions

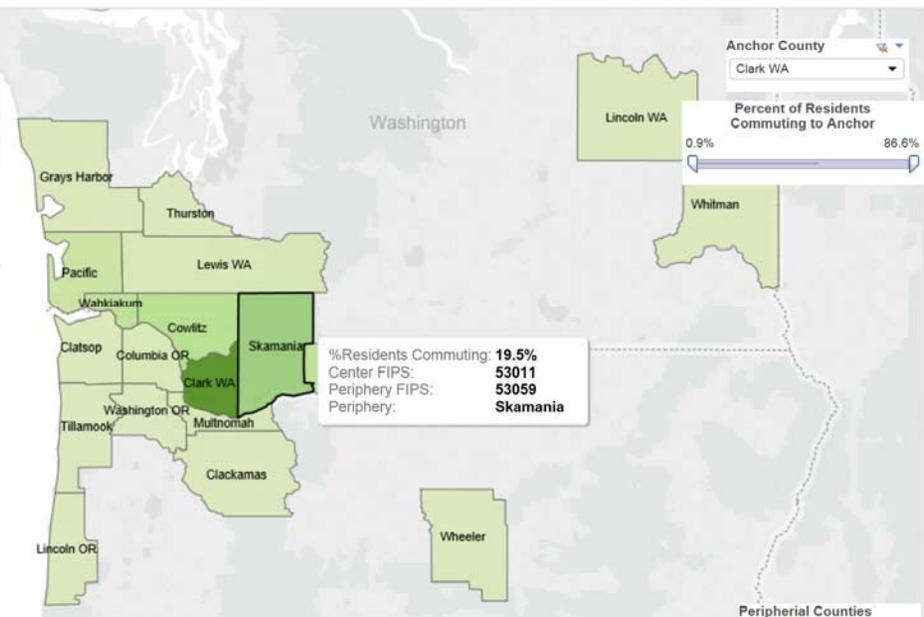

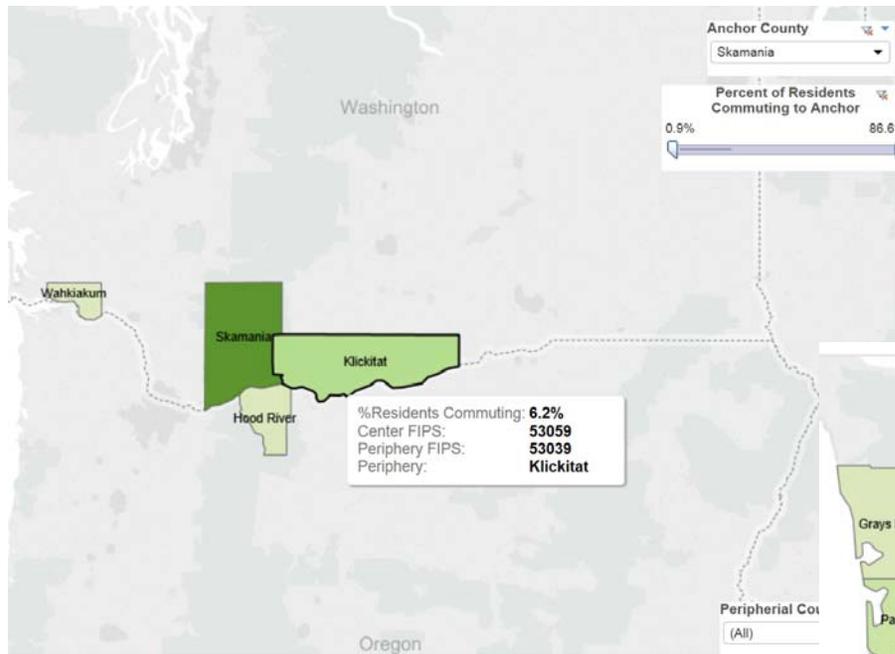

Key data elements

- **County-level data by:**
 - **Industry concentrations (location quotient)**
 - **Commute patterns**
- **32 industries**
- **119 counties**

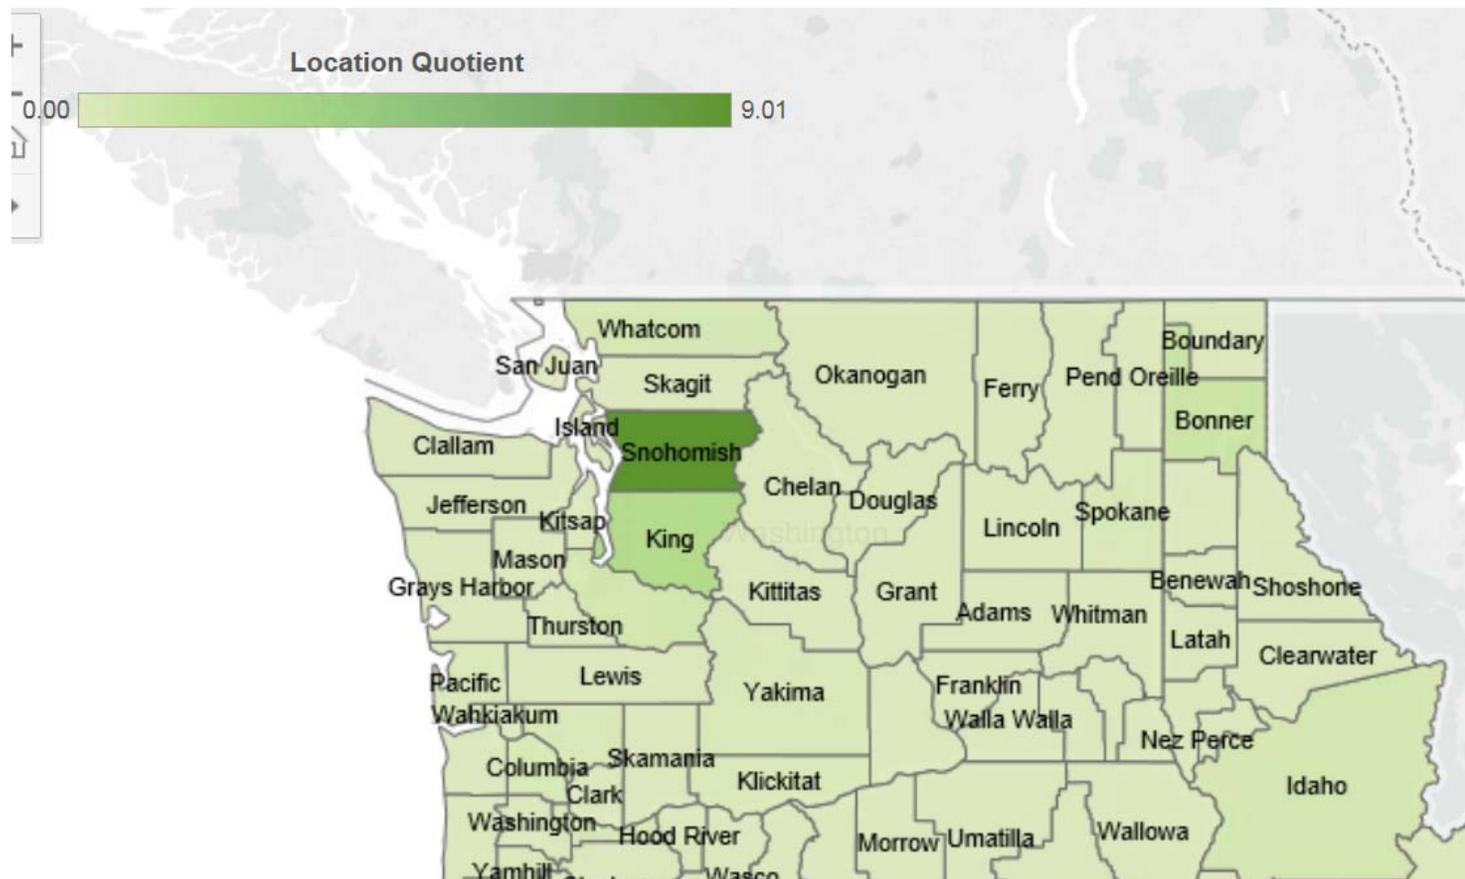

The mapping tools

**Now, without further
ado. . .**

Skamania commmuting

Aerospace concentration

Clark industry concentration
